

## CNC JewelMaster Mini

This compact CNC Router is ideal for high speed, precision jewellery engraving. Able to engrave on rings (inside and outside), medals, chain bracelets, pens and almost any other jewellery. The integrated vice allows for engraving medals and plates, while the integrated chuck allows for engraving inside and outside of rings. A pen-engraving attachment is also included.

### FEATURES

- Uses industry-standard Artcam software
- Versatile and instantly productive
- Precision Axis Controls
- Pre-loaded linear bearings and precision ballscrews
- Low maintenance, high reliability
- Shipped to you as a completely pre-assembled and factory-tested system

### BENEFITS

- Engraves a wide range of materials
- No noxious gases, liquids or oils are used or caused by the machining process
- Environment-friendly system. Quiet and clean with low electrical consumption
- We hold consumables and spares in stock in Cape Town and Johannesburg, ensuring minimum downtime for your business

### SPECIFICATIONS

Machine Dimensions	:	290 x 270 x 280 mm
Flat working area	:	80 x 80 x 70 mm
Material thickness	:	Up to 20mm
Stepper motor and drive	:	Type 42, super low noise
Head Type	:	Electromagnetic
Resolution	:	0.00125 mm
Interface	:	USB
System requirements	:	Windows XP / 7 / 8 / 10
Software Compatibility	:	Artcam
Command code	:	Gcode
Machine weight	:	20kg
Cutters	:	Diamond, Tungsten Steel
